

## Hoof & Sole

Strengthens soft soles and cracked hooves, cleanses frog area.

### Directions for use

Wash and dry hooves thoroughly taking care to remove all traces of soil etc. Using a clean hoof oil brush or cloth liberally apply Hoof & Sole around the hoof, sole and frog allowing the liquid to seep into nail holes, cracks and between the hoof and shoe. Take great care not to paint onto skin or coronet band. Allow hoof to dry.

Apply once a day for the first week, then reduce to every other day. After 3 weeks reduce application to twice a week or longer subject to progress of improvement. A difference should be noticed after approximately 4 weeks depending on the individual horse.

### Danger:

Causes serious eye damage.

Toxic to aquatic life with long lasting effects.

Wash hands thoroughly after use. Avoid release to the environment. If in contact with eyes rinse cautiously with water for several minutes – If irritation persists get medical attention. Keep in original container. Keep out of reach of children. Dispose of contents and container to an approved waste disposal plant.

### Ingredients

10% Zinc sulphate, wetting agent, colour.

### Other products in the Hoof range include:

**PROFEET Supplement:** Premium feed supplement for protection against cracked, brittle hooves. Contains optimum biotin levels, MSM, amino acids and antioxidants.

**PROFEET Hoof Dressing:** Natural ointment with eucalyptus to maintain suppleness in brittle and cracked hooves.

**PROFEET Hoof Moist:** Penetrating water based moisturiser to help sustain the moisture content in the hoof.
